FUN 2018 DRAISING

Program

E-Z Print at Home System

Our new E-Z Pay & Print at Home ticket system takes most of the work out of being the group leader. The system gives you the ability to promote your fundraiser through e-mail blast and social media. Group members can see the exact seats that they are purchasing and print them at home. Also, the group leader can track the group's ticket sales whenever they'd like!

Four Steps to Success

1. School picks a game they'd like to make their fundraising night.
2. Cyclones will hold a group of tickets for your school.
3. Cyclones will create a unique URL for your group with our E-Z print at home system.
4. Group leader and school promote their event via flyers, email blast and social media.
